

Welcome to Bremen!

Did you come to Germany alone and is everything new to you? Welcome to our beautiful city on the Weser! We are excited that you are here. We also want you to feel comfortable in Bremen, go to school, meet nice people and get a good start! Have you been here for a while and do you know your way around Bremen? We want our city to be a new home for you.

We, the "Fluchtraum Bremen" e.V., are an association. We are committed to enhancing your rights. Do you have a question? Do you need some help? We can counsel and offer you support.

At our organization, "Fluchtraum" there are a lot of volunteers from Bremen, whom we contact to accompany and help you in your everyday life. We call these volunteers Mentors.

We are here for you!

We have offers for you!

Are you under 18? Do you want someone you can meet regularly? A person who supports you in everyday life? Then get in touch with us. We will find you a **Mentor**. But you may have to exercise a little patience, though.

Or are you older than 18 years and are you looking for an apprenticeship? Do you need help with your homework? Are you looking for an apartment? Do you get letters from the "Jobcenter" or the Social Welfare office, which you not quite understand? Or are you looking for a place where you can make new friends? Our **Counselling Café** the "Beratungscafé" is open for you twice a week. Also, once a week there is a gathering called "**Mädchentreff**" for girls and young adult women.

You don't want to go to an appointment alone? Ask about our **Scout program**, "the Lotsenprogramm"! We will find someone to accompany you to your appointment.

Do you have any questions about your residence in Germany? Do you want to apply for social benefits? Our Counselling office offers you free and confidential **advice**.

Are you unhappy with your current situation in Bremen? You can talk to us. We will try to help you.
